

## **“HOW STUPID DO YOU WANT ME? 11/10/2009**

Many years ago, when our children were very young, one of them did something extremely stupid and I blurted out “how stupid can you be?” The child, always eager to please, ask “how stupid do you want me to be?”

The “WANNABE PEERS”, the politicians who lust after the power and prestige KING GEORGE III provided the 18<sup>th</sup> Century English “PEERS”, must think on themselves as parents and the citizens as rather unruly children. Judging by their actions, they must want us to be very, very stupid.

First the campaign rhetoric assured us that this administration would be the most “transparent” in history. Most of us took this to mean that all the proposals would be published and debated before new government action would be authorized. Wasn’t there something about a law being posted on the internet for 72 hours before it would be signed into law? Either the “WANNABE PEERS” had a different definition or the “WANNABE PEERS” lied. Imagine that, a politician telling a lie, unbelievable!

Back in the early days of “information technology”, the term “information overload” was coined. The “WANNABE PEERS” have raised “information overload” to an art form. People used to put information they wanted to hide in the center of a type written page in the center of a long, boring document. You could publish the document, secure in the knowledge that few, if any, would ever read it. But no one would have even thought of hiding their information in a 2000 page quagmire.

The “STIMULUS BILL” was 1588 pages long and the “HEALTH CARE REFORM BILL” was 1990 pages long, that’s 2 and 1/3 bibles long. Few people even realize the bulk of 2000 pages. Even if the “WANNABE PEERS” gave you 72 hours to read, understand and evaluate 1588 pages it could not be done. Even a genius could not do it and the average person would simply be overwhelmed. To put this “information overload” in prospective, consider the length of the following documents:

- “BIBLE” 1567 PAGES
- THE NOVEL “ATLAS SHRUGGED” 1200 PAGES
- “UNITED STATES CONSTITUTION WITH 27 AMENDMENTS” 49 PAGES
- THE NOVEL “WAR AND PEACE” 1424 PAGES
- THE DECLARATION OF INDEPENDENCE 5 PAGES
- THE “STIMULUS BILL” 1588 PAGES, just slightly longer than the Bible
- THE “HEALTH CARE REFORM BILL” 1990 PAGES. Almost 1/3 longer than the Bible

What on earth are the “WANNABE PEERS” trying to hide? Who knows? The truth must be terrible or they would not go to so much trouble to hide it in a 2000 page document! The deception, alone, should make any thinking person reject it.

Both the “STIMULUS BILL” and the “HEALTH CARE REFORM BILL”, in addition to authorizing huge expenditures, create many new bureaucracies with extraordinary powers to control the everyday life of the individual.

Of course, the new bureaucracies enhance the “WANNABE PEERS” ability to punish political dissent and extort political support. The “WANNABE PEERS”, being masters of deception and misdirection, try to focus our attention on the cost of the bill, its

questionable “advantages” to the uninsured and something called the “public option”. There is no mention of the **tyranny** that is the real purpose of the “Health Care Reform bill.

These 2 bills total 3578 pages (over twice the length of the Bible) and I seriously doubt that anyone knows the full content or has any idea of the affects this legislation will have on the economy but you can bet that the “WANNABE PEERS” are lusting over the control it gives them over the individual.

The Colonist rebelled against “**TAXATION WITHOUT REPRESENTATION**” and yet we are accepting “**TYRANNY WITHOUT REPRESENTATION**”. When a Congressperson or Senator votes for legislation, without knowing the content, it is certainly “**TYRANNY WITHOUT REPRESENTATION**”.

Even in his grave, KING GEORGE III must be laughing so loud that he keeps the whole of England awake.

The research done to write the “Common Sense Books” proved that the greatest threat to our freedom was the ability of the “WANNABE PEERS” to use the power of the government to punish political dissent and coerce political support. The bureaucracy, the Antitrust Laws and the IRS have provided the tools to coerce the successful business person and severely limit their political dissent. The passage of the “HEALTH CARE REFORM BILL” will extend that power to control all our citizens.

**IT IS LATER THAN YOU THINK!** The extended control of the individual created by the “HEALTH CARE REFORM BILL” and the “STIMULUS BILL” will destroy your life as you know it. The economic damage caused by the “HEALTH CARE REFORM BILL”, the “STIMULUS BILL” and the “CAP AND TRADE” proposal will cause irreparable harm to the economy. The result of these three proposals will be economic crises that will make the 1930’s seem like the “**good old days**”.

The “WANNABE PEERS” must be stopped now or the “AMERICAN REVOLUTION” will be undone, and KING GEORGE III will laugh so loud that he will wake up all of Europe!
